The Beacon Mosque Awards are the first in the world of its kind. They celebrate the work of Islamic institutions and the people who run them in 10 important categories.

The Beacon Mosque Awards were created to highlight the pivotal role Mosques and Islamic centres play in local communities and the contributions they make to the social fabric of society.

The initiative encourages institutions to "strive for excellence" in a variety of ways. This includes youth services, outreach, Mosque maintenance, supporting the vulnerable, future innovative programmes and services as well as the practice of inspirational management and governance.

This is the 7th edition of the Beacon Mosque Awards, which has now become a consistent in the yearly calendar for Mosques and Muslims in the U.

SHAUKAT WARRAICH

CEO - FAITH ASSOCIATES

DIRECTOR - BEACON MOSQUE

It is with both pleasure and deep gratitude with the grace of Allah (SWT) that I have the opportunity to celebrate in person the amazing work of our UK Mosques at the 7th British Beacon Mosque Awards 2024.

This year we have seen unprecedented levels of threat and attacks on Mosque in the UK and Europe. Following the tragic murders of the young girls in Southport UK and the October 7th attacks Mosques and other places of worship have suffers greatly. We have been vigilant to these threats and also the community resolve to protect and defend these holy facilities. We have see communities pull together to protect these facilities which has been heartening.

Many Mosques that the community came out to defence served not just British Muslims but also the wider society, irrespective of faith, creed or colour and i believe this understanding of Islamic service and worship has helps in the Mosques preservation and growth.

The role the Police, local authorities and the new Labour Government have effectively to protect Mosques and forward to seeing the development of Mosque protections scheme enhanced in partnership with the Muslim communities.

The Beacon Mosque concept with it's related standards are rooted within the "Madni Model". At its core is Service, Compassion and Gratitude. Articulated and expressed in the ways (Sunnah), methods and pronouncements of the final Prophet of Islam, Muhammed صلى الله عليه وسلم.

The awards are taking place at a time when there is total devastation being inflicted on Gaza and over 40,000 Palestinians have been killed. Mosques have risen to the challenge to raise the voice for Palestinians, as we as help raise much needed funds for the millions that have been displaced. The support they have galvanised in the community is incredible mashallah. The British Beacon Mosques Awards is helping to raise the vision of a 21st century Mosque and with the grace of Allah (SAW) its being visualised Alhamduillah.
